

## Kairos Pharma Approved to Dual List on Upstream

November 19, 2024 1:30 PM EST

### Trading to begin November 26, 2024 under 'KAPA'

LOS ANGELES, Nov. 19, 2024 (GLOBE NEWSWIRE) -- Kairos Pharma, Ltd. (KAPA) today announced its approval to dual list its shares on Upstream, a MERJ Exchange market and global securities trading app. Trading will be available on Upstream November 26 at 10:00am ET under the ticker symbol 'KAPA.'

The dual listing on Upstream is designed to provide Kairos Pharma the opportunity to access a global investor base outside the U.S., unlocking liquidity and enhancing price discovery while globalizing the opportunity to invest in Kairos Pharma.

Investors outside the U.S. can get ready to trade by downloading Upstream from their preferred app store at <https://upstream.exchange/>, creating an account by tapping Sign Up, and completing a simple KYC identity verification by tapping the profile icon on the home screen and tapping KYC.

Details on the Kairos Pharma listing and deposit and trading instructions can be found at [kairospharma.com](https://kairospharma.com).

Traders on Upstream's smart contract-powered platform will experience real-time trading and settlement, and a transparent orderbook which does not permit common market manipulations.

Dr. John Yu, CEO of Kairos Pharma, commented, "Building shareholder value is an ongoing goal of Kairos. We believe a dual listing on Upstream's next generation market greatly supports this goal as we continue to expand our lead drug ENV105 to several widespread cancers and to advance our therapeutics through clinical testing and commercialization."

### About Kairos Pharma Ltd.

Based in Los Angeles, California, Kairos Pharma Ltd. (NYSE American: KAPA) is at the forefront of oncology therapeutics, utilizing structural biology to overcome drug resistance and immune suppression in cancer. Our lead candidate, ENV105, is an antibody that targets CD105—a protein identified as a key driver of resistance to various cancer treatments. Elevation of CD105 in response to standard therapy results in resistance and disease relapse. ENV105 aims to reverse drug resistance by targeting CD105 and restore the effectiveness of standard therapies across multiple cancer types. Currently, ENV105 is in a Phase 2 clinical trial for castrate resistant prostate cancer and a Phase 1 trial for lung cancer, addressing significant unmet medical needs. ### Forward-Looking Statements

This press release contains "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. You can identify forward-looking statements as those that are not historical in nature, particularly those that use terminology such as "may," "should," "expects," "anticipates," "contemplates," "estimates," "believes," "plans," "projected," "predicts," "potential" or "hopes" or the negative of these or similar terms. The reader is cautioned not to rely on these forward-looking statements. If underlying assumptions prove inaccurate, or known or unknown risks or uncertainties materialize, actual results could vary materially from the expectations and projections of Kairos Pharma. We base these forward-looking statements on our expectations and projections about future events, which we derive from the information currently available to us. Such forward-looking statements relate to future events or our future performance. In evaluating these forward-looking statements, you should consider various factors, including: our

expectations regarding the success and/or completion of our Phase 1 and Phase 2 clinical trials; our success in completing newly initiated clinical trials, commence new trials, and obtain regulatory approval following the conclusion of such trials; challenges and uncertainties inherent in product research and development; and the uncertainty regarding future commercial success. These and other factors may cause our actual results to differ materially from any forward-looking statement. Forward-looking statements are only predictions. The forward-looking statements discussed in this press release and other statements made from time to time by us or our representatives, may not occur, and actual events and results may differ materially and are subject to risks, uncertainties and assumptions about us, including those described in Kairos Pharma's prospectus and other filings made with the SEC. We are not obligated to publicly update or revise any forward-looking statement, and Kairos Pharma is not required to update any forward-looking statement as a result of new information or future events or developments, except as required by U.S. federal securities laws.
